

Inspiration

"I came that they may have life and have it more abundantly." John 10:10

We believe that when Jesus spoke those words he was talking about ALL of us. That is why we strive to support each person as they work to realize their hopes and dreams of an abundant life full of joy, meaning, and purpose.

Vision

Adults with developmental disabilities have the opportunity to create the life they want in a safe environment where they can discover new friendships and participate in their community.
